To Whom It May Concern:

Re: **Badger Roofing**

It is my pleasure to recommend Badger Roofing as a business our community is proud to host. For many years Badger Roofing has supplied excellent customer service to our citizens.

Not only is the product and service provided by Badger Roofing top notch, they also provide a much needed "Home Improvement Radio Show" to the quad-city area. This service affords our citizens the opportunity to get home building and repair questions answered without the need to even leave the comfort of their homes.

The owners of Badger Roofing, along with their employees are valuable and involved members of our community.

It is without hesitation that I recommend Badger roofing as a top notch company.

Sincerely,

Marlin D. Kuykendall, Mayor
